OF ART PHOTOGRAPHY

2025/016

Metin GÖNEN

JUDGE

Dr. Metin Gönen is a medical doctor and an award-winning photographer. He has won numerous medals in international photography competitions and holds the prestigious EFIAP and SIAAP titles.

Combining his artistic vision with his medical background, he specializes in human-centered photography. His work focuses on portraits and visual storytelling, blending aesthetics with emotional depth to create powerful visual experiences.

Dr. Gönen continues to contribute to the world of photography by sharing his art and vision on international platforms.

Francesco **PACE RIZZI**

JUDGE

Francesco Pace Rizzi, I live and work in Italy between Rome, Matera, Potenza. I have been involved in photography for over 25 years, experimenting with various genres both with analog and digital systems, in particular: architecture, conceptual, portrait, street both in color and black and white. I prefer a minimal style and I work preferably on medium-long term projects that explore various themes and contexts. Many of my images have been published in various magazines, both paper and digital: Dodho Magazine, AAP Magazine, StreetPhoto Magazine, F-Stop, Sony World Photography Awards. The Italian Federation of Photographic Associations awarded me the AFI Honor, Artist of Italian Photography in 2023. I have participated in over 200 international exhibition contests receiving awards and recognitions. In particular, HM FAPA 2025, winner Bifa 2021, 2024, 2025 and Tifa 2024. Silver Award ND Neutral Density Photography Awards 2025. The Creative category winner at the Urban Photo Awards 2020, judged by Alex Webb. 1st Place Discovery of the Year in the Conceptual category at the Chromatic Photography Awards 2019. The series "The presence of an absence" was exhibited at the Siena Awards Exhibitions PhotoFestival "Chiusdino Creative" in the historic center of Chiusdino from September 30 to November 19, 2023.

Ahmed Mohamed **HASSAN**

JUDGE

Ahmed Mohamed Hassan, an Egyptian national, was born in 1983 in Doha, Qatar. He graduated from the Faculty of Medicine in Egypt in 2007 and subsequently managed the Egyptian army prison clinics for three years. In 2011, he joined the medical team at the Center for Disease Control (CDC) within Qatar's Ministry of Public Health as a Public Health Physician.

Ahmed has always aspired to become a renowned international photographer, with a vision to share valuable knowledge and preserve global cultural beauty through his photography. His membership in various photographic federations and unions has bolstered his confidence and dedication to the field. He began his enthusiastic journey into photography in October 2015, focusing on street, travel, and lifestyle photography. Ahmed views photography as a mirror to human emotions, the grandeur of cultures, and a means to safeguard traditions from fading in the minds of future generations.

In 2016, Ahmed embarked on global travels to explore diverse cultures, driven by his belief in pursuing one's passion. For him, each photograph is not just a subject but a narrative that resonates deeply with his heart and soul.

A woman with dark hair, wearing a bright red beret and a red halter-neck dress, is posing against a teal background. She is looking directly at the camera with a serious expression. Her right hand is raised near her face, and her left hand is placed over her chest. The lighting is soft, highlighting her features and the texture of the clothing.
