Speech of the chairman of the jury

Príhovor predsedu poroty

Vážení přátelé fotografie,
dostává se Vám do rukou katalog 41. ročníku mezinárodního Fotosalonu STROM. To, že proběhl již 41. Fotosalon ukazuje, že má dlouholetou tradici, pro řadu fotografů ve světě se stal oblíbeným salonek, kterého se mnozí autoři zúčastňují pravidelně.
Fotosalon STROM byl uspořádán pod patronací fotografické asociace FIAP, IAAP, ZSF a OZ STROM. Byly vyhlášeny čtyři kategorie - dvě Volná téma - barevné a černobílé fotografie, Krajina - barevná fotografie a téma Svět v centru pozornosti - barevná a černobílá fotografie.
Na salon STROM bylo zasláno 3202 fotografií od 223 autorů ze 44 zemí.
Fotografie předložené porotě k hodnocení byly fotografie krajiny, detailů v krajině, zvířat, portrétů, makrofotografie, architektury, zátiší i reportáže.
Většina předložených prací byla na velmi vysoké estetické, technické a výtvarné úrovni. Řada autorů využívá prvků, které se používají u různých výtvarných oborů, zvláště v malířství - linie, perspektiva, sbíhavost, kontrast barev, světlo a stín, tak vznikají fotografie poetické, dramatické a dynamické, což posunuje fotografie do oblasti výtvarné fotografie.

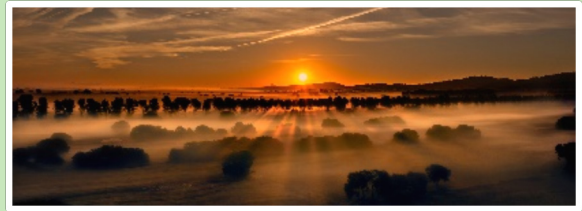

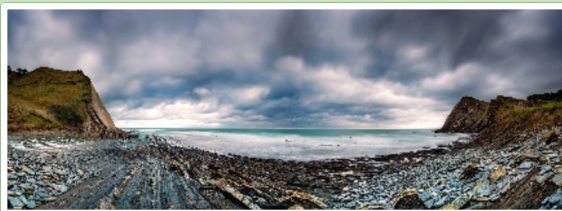

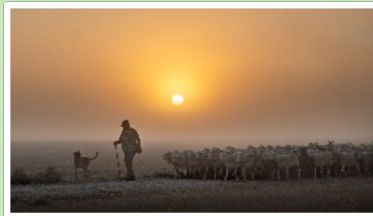

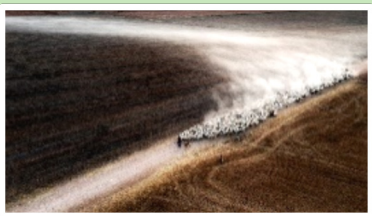

Zlín, 15. 3. 2026 František LÁTAL, EFIAP, V IAAP

Dear friends of photography,
You are holding the catalogue of the 41st edition of the international STROM Photo Salon. The fact that the 41st Photo Salon has already taken place shows its long-standing tradition; for many photographers around the world, it has become a beloved salon in which numerous authors participate regularly.
The STROM Photo Salon was organized under the patronage of the photographic associations FIAP, IAAP, ZSF and OZ STROM.
Four categories were announced – two Open Theme categories (color and monochrome photography), Landscape (color photography), and the theme *The World in the Spotlight* (color and monochrome photography).
A total of 3,202 photographs were submitted to the STROM Salon by 223 authors from 44 countries.
The photographs presented to the jury included landscapes, landscape details, animals, portraits, macro photography, architecture, still life, and reportage.
Most of the submitted works were of a very high aesthetic, technical, and artistic level. Many authors make use of elements common in various visual arts, especially painting – lines, perspective, convergence, color contrast, light and shadow – resulting in poetic, dramatic, and dynamic photographs that elevate the medium into the realm of fine art photography.
